2006 OLD VINE ZINFANDEL *Sonoma County*

“They say the vines average 80 years of age, which means who knows where those old roots have explored. For that matter, who knows what the grape varieties really are. The wine is the least fruity of the winery’s current Zins. While it shows berry-cherry and licorice flavors, it’s notable for hard-to-describe earthy, mineral and mushroomy tastes that are interesting and unique.”
