Produced from a single vineyard in the famed Russian River Valley, a cool climate vineyard with the ideal microclimate to grow this outstanding Chardonnay.

Impeccably balanced fruit flavors and superb acidity give our Chardonnay dimension and depth - characters that can only be achieved from a vineyard site and appellation that is second to none.

Harvested from just 30 vine rows at the far northeast side of the vineyard and whole cluster pressed for gentle extraction.

Select lots were fermented with native yeasts and 100% French oak cooperers were used to provide more complex aromatics and flavors.

Extremely limited production - only 810 cases.
